

Stepping into God's Glory

By Missie Brooks Kramer

What an amazing year this has been as we truly lived out our theme of *Stepping into God's Glory!* God continues to astound me in all He does through Women of Prayer United. I greet you this month with such an attitude of gratefulness. Through the pandemic, our faith has never wavered because we stand strong on the Word of God. We face the future without fear, and we move forward just as He has instructed us to.

We are still adding to our groups and prayer warriors. Each of you is such a vital piece of the puzzle and without your prayers the bigger picture is incomplete. So, I thank you from the bottom of my heart for taking this journey with me.

Our staff has been such an asset to WOPU this year and I can't thank them enough! God has truly brought me the best and I am blessed beyond measure.

Celebrate with us some of the things WOPU has done this past year. We began the year growing together with our book selection on Communion.

- 2021 in Review**
- The Power of Communion Book
